

### NARRATIVE DISCUSSION

For the nine months ended December 31, 2018

The unaudited quarterly financial statements for the Canadian Museum of Immigration at Pier 21 ("the Museum") should be read in conjunction with the March 31, 2018 Management Discussion and Analysis and annual audited financial statements.

#### **OUTLOOK**

During the first three quarters of 2018-19, more than 120,000 people visited the Museum onsite and 379,000 people visited online. Included in this total are more than 52,000 visitors to the *Refuge Canada*. This exhibit attracted the highest visitation per month for a temporary exhibition at the Museum to date. *Refuge Canada* provides the context for Canada's place in the global refugee crisis and brings to light the challenges faced by refugees in Canada. The exhibition also shares stories of success and contributions made by people who came to Canada as refugees. *Refuge Canada* was on display at the Museum from March to mid-November. A travelling version is in development and will begin touring in spring 2019. The travelling exhibit will be a key tool for national outreach and engagement.

Digital engagement continues to be another strategy for the Museum to reach audiences across the country. A partnership with Tourism Nova Scotia is helping to drive online traffic to the website, with 379,000 unique visitors at the end of the third quarter. In addition, a significant project to catalogue the collection and make it available online continues and will attract additional web visitors and enhance access to the collection.

#### FINANCIAL RESULTS

#### Operations

The net result of operations for the nine months ended December 31, 2018 was a net income of \$1,228,000 compared to a net income of \$1,219,000 for the nine months ended December 31, 2017. When combined with the \$3,595,000 in unrestricted net assets at March 31, 2018, this results in unrestricted net assets at December 31, 2018 of \$4,823,000. The net profit for the nine months ended December 31, 2018 is partially due to timing. Some revenues planned for the last quarter came in earlier than budgeted. Also, some expenses were delayed until the last quarter.

For the nine months ended December 31, 2018, self-generated revenues increased \$264,000 from \$2,640,000 in 2017 to \$2,904,000 in 2018. Self-generated revenues include operating revenues, donations, and interest and other revenues. The increase in self-generated revenues is mainly due to higher operating revenues and donations. Increased operating revenues are mainly due to higher ticket sales and rental revenues offset by lower special events revenues. More than 68,000 paid visitors came to the Museum between April and December 2018, representing 14,000 more visitors than for the nine months ended December 31, 2017. The renovated rental spaces are popular, well received and more versatile, which translates to higher revenues. Special events revenues are dependant on auction items received; the 2017 California Wine Dinner had higher value items than 2018. Donations were higher mainly due to the timing of the receipt of two major gifts.

Net income earned on the endowment investments of \$107,000 is included in the Statement of Operations for the nine months ended December 31, 2018. Unrealized gains and losses on investments are not recorded as revenue but as accumulated remeasurement gains or losses in the Statement of Financial Position. A net decrease of \$95,000 was recorded in the accumulated remeasurement gains which resulted in an overall positive performance for the endowment investments of \$12,000 for the nine months ended December 31, 2018, compared to a positive performance of \$39,000 for the same period in 2017.

Expenses for the nine months ended December 31, 2018 increased \$198,000, from \$9,301,000 in 2017 to \$9,499,000 in 2018. The increase is mainly due to the planned increase in personnel costs, the recruitment and travel costs for multiple new board members and the increased marketing, promotion and recognition. The increase in marketing, promotion and recognition is mainly due to extra targeted advertising and taking advantage of a number of new partnership opportunities. Offsetting these increases are decreases in professional fees and amortization of capital assets for assets that have reached their useful lives.

#### Financial Position

Total assets decreased by \$533,000 at December 31, 2018 to \$27,798,000 primarily due to the decrease in capital assets offset by the increase in cash. The decrease in capital assets is attributable to the amortization net of acquisitions. The increase in cash is mainly attributable to higher self-generated revenues.

Total liabilities decreased by \$1,700,000 to \$14,470,000 at December 31, 2018 mainly due to the decrease in deferred contributions related to capital assets attributable to the amortization.

#### **BUSINESS RISKS**

Management has not identified any new business risks to those discussed in the 2017-18 annual Management Discussion and Analysis.

### 1. Authority and objectives

The Canadian Museum of Immigration at Pier 21 (the "Museum") was established on November 25, 2010 under the *Museums Act*. The transfer and assignment of assets, contracts and records from the Pier 21 Society and Pier 21 Foundation occurred on February 3, 2011. The Museum is an agent Crown corporation named in Part I of Schedule III of the *Financial Administration Act* and is not subject to the provisions of the *Income Tax Act*.

The Museum's mandate is to explore the theme of immigration to Canada in order to enhance public understanding of the experiences of immigrants as they arrived in Canada, of the vital role immigration has played in the building of Canada and the contributions of immigrants to Canada's culture, economy and way of life.

Consistent with the Government of Canada's Policy on Results (July 1, 2016), the Museum has adopted three core responsibilities, as well as internal services, replacing the Program Alignment Architecture previously established. Reporting on these core responsibilities starts in 2018-19.

- Visitor experience and connections: Canadians have access to and are engaged in building museum content and programming that reflects the diverse experiences and contributions of immigrants throughout Canada's history.
- 2) Accommodation: The Museum's facilities contribute to a rich, welcoming and engaging visitor experience; are safe and accessible for visitors, staff and volunteers; and are maintained in a cost-effective manner.
- 3) Fundraising and commercial activities: The Museum's fundraising and commercial activities provide essential financial support.
- 4) Internal services: Sound governance practices are in place and resources are effectively managed to support the achievement of the Museum's mandate.

#### 2. Accounting policies

These unaudited financial statements follow the same accounting policies and methods of computation as the Museum's annual audited financial statements as at and for the year ended March 31, 2018.

#### 3. Basis of presentation

The note disclosures in these unaudited financial statements do not conform in all respects to the requirements of Canadian Public Sector Accounting Standards for government not-for-profit organizations for annual audited financial statements. These unaudited financial statements should be read in conjunction with the Narrative Discussion for the nine months ended December 31, 2018 and with the Museum's annual audited financial statements as at and for the year ended March 31, 2018.

### 4. Deferred contributions related to capital assets

Deferred contributions related to capital assets represent contributed capital assets and restricted contributions for the acquisition of capital assets. Deferred contributions are amortized to income on the same basis as the related capital assets are amortized. The changes in the deferred contributions balance for the periods are as follows:
