**PIER 21**

My husband, John Sherman, left and returned to Pier 21, on the Ile de France, with the RCAF during WW11. Having met him in England. I came over to join him in 1947. After landing, and before getting on the train for Windsor, ON, I went over to Dartmouth, N.S. to visit a family that my father had met when he came over on convoys with the Royal Navy.
