PIER 21

I arrived at Pier 21
January 1946 after six
days on board Stavangerfjord in a bunk bed due to sea sickness. The
sturdy pavement was heaven and the train meals wonderful. My
husband (RCAF) took me - his London secretary to our farm in MB where
we stayed for 30 years. We raised 4 children, many cows, many pigs, and
lots of dogs and cats, I was too busy to be homesick!
