I was born on Dec 21, 1943 in Littlehampton, England. My mother, Maree, my brother Richard and myself arrived at Halifax on June 6, 1945 and travelled to Toronto. My mother died at age 26 11 days later and my brother apparently returned to England. My father, who is now deceased was in the Royal Regiment of Canada and would not talk about this issue. I therefore know little more than the above.

This is my short story. I would be most grateful if someone who reads my short story could add anything at all.
