I was born in England on January 15, 1945 . I am a fraternal twin and was told that we were taken from my mother during the voyage because Mother was too sick to look after us. I guess that we were children of a war bride. My Father was in the Canadian Army and served overseas. My Mother was in the W.A.C. I believe and was a Scot. I still live in Halifax.

My twin brother's name is Arthur Michael Campbell and is called Mike. He is forty five minutes younger than me.
